Lecturer of Chemistry (3 positions)—Search # 67503
College of Science and Mathematics/Department of Chemistry and Biochemistry – Statesboro Campus

The Department of Chemistry and Biochemistry in the College of Science and Mathematics invites applications and nominations for three Lecturer of Chemistry positions. All of the positions will be located on the Statesboro campus.

In January 2017, the University System of Georgia Board of Regents voted to consolidate Armstrong State University and Georgia Southern University. The new, 27,000-student university will be named Georgia Southern University with campuses in Savannah, Statesboro, and Hinesville. The expected timeline for the first entering class will be fall 2018. Complete details are available at http://consolidation.georgiasouthern.edu/.

Within this setting, the Department of Chemistry and Biochemistry is housed in the College of Science and Mathematics. The Department of Chemistry and Biochemistry offers two ACS certified bachelor’s of science (B.S.) degrees in chemistry and biochemistry as well as a bachelor’s of arts (B.A.) in chemistry. The department also offers a MSAPS degree in Applied Physical Science with concentrations in pharmaceutical science, materials and coatings science, and environmental science. The Department is rapidly increasing its externally funded research activities and is housed in a 14 year-old, recently reconfigured, 47,000 square foot facility containing modern classrooms with dedicated teaching and research laboratories on the Statesboro campus and a similar facility on the Armstrong campus. The 2018 consolidated department is comprised of 36 tenured and tenure-track faculty and 9 lecturer faculty. The faculty focuses on high quality, student-centered undergraduate and graduate education that prepares students for careers in the chemical industry as well as medicine, dentistry, pharmacy and education. The department is committed to both graduate and undergraduate research with the majority of undergraduate biochemistry and chemistry majors participating, thus furthering their preparedness for post-baccalaureate studies in many fields. A hallmark of this Department is faculty mentoring of undergraduate chemistry and biochemistry majors. Information describing the Department and its faculty can be found at http://cosm.georgiasouthern.edu/chemistry/ and http://chemphys.armstrong.edu.

Position Description. Reporting to the Department Chair, the Lecturer positions require teaching (15 contact hours) and service responsibilities along with a Master of Science and/or PhD degree. The position is a 9-month, appointment, with a salary that is both competitive and commensurate with qualifications and experience. The lecturer faculty member will be appointed to an annually renewable three-year contract with renewal based upon an annual performance evaluation by the Department Chair. Reappointment of a Lecturer beyond six years of service is allowed if the individual has demonstrated exceptional teaching ability and value to the institution. A Lecturer may be promoted to a Senior Lecturer after having served a minimum of five years with successful annual performance reviews.
**Required Qualifications:**
- Earned M.S. and/or Ph.D. in Chemistry, Biochemistry, or a closely related field with at least 18 graduate semester hours in Chemistry or Biochemistry coursework
- Have a commitment to teaching excellence in the undergraduate classroom
- Ability to work with diverse populations and effective communication skills in spoken and written English

**Preferred Qualifications:**
- Teaching experience
- Ph.D. in chemistry, biochemistry, or a closely related field

Screening of applications begins February 12, 2018, and continues until the positions are filled. The position starting date is August 1, 2018. A complete application consists of a letter addressing the qualifications cited above; a curriculum vitae; photocopies of undergraduate and graduate transcripts; a statement of teaching philosophy; three letters of recommendation sent directly from the reference as a pdf document; and the names, addresses, email addresses, and telephone numbers of those references. Other documentation may be requested. Only complete applications will be considered. Electronic submission of materials is encouraged. Finalists will be required to submit to a background investigation. Applications and nominations should be sent to:
